### RESOLUTIONS OF RESPECT

Whereas, Divine Providence has removed from our midst our beloved sister, Mrs. Mary Lutz.

Therefore, be it resolved, by the members of Medina Rebekah Lodge No. 345, of which she was an honored member, that while we bow in humble submission to the will of All-Wise Ruler, we sincerely mourn the departure of a true and faithful member, and that we shall miss the inspiration of her quiet helpful presence.

Resolved, That we extend to the sorrowing husband our heartfelt sympathy, trusting that out of all our tears and pain will come an abiding faith that our loss will be her gain.

Resolved, That a copy of these resolutions be spread upon the minutes of our Lodge; a copy be sent to the bereaved husband and also to the county papers.

STATE SCHOOL INSPECTOR  
VISITS THE OBERLIN BUSINESS COLLEGE

Prof. Warner, state school inspector, spent Friday in Oberlin inspecting the Oberlin Business College. He visited classes, inspected the college buildings, and examined the courses of instruction after which he expressed himself as well pleased with the progress of the school. He found the attendance at the Summer School double that of last year.

This school is now regarded as the best of its kind in the state and was the first to be placed upon the Recognized List of Ohio Colleges. The fact that it is inspected regularly by the state school inspectors, just as the banks of Ohio are examined by state bank examiners, is a guarantee to the public that its work is kept up to the high standard required by the state. The Summer Normal will close Aug. 3, and the Fall Term will open Sept. 4.—Adv.

### WEEKLY CROP REPORT

Summary of weather and crop conditions in Ohio for the week ending July 31: The weather during the week was generally favorable for all crops and farm work, except that it was too dry in a few of the northwest counties. The cutting of wheat was practically completed and threshing was well under way at the end of the week. A large yield is being realized. Oats are ripening rapidly in all sections and cutting has commenced in southern and central counties. A large crop is indicated. Haying was very general and a heavy crop of good hay is being saved. As a rule corn fields are well cultivated and corn is now tasseling. All other crops continued to make satisfactory development, except that some damage has resulted from blight in certain limited areas.

## Litchfield Low Down Spreaders

That is what they are, low down, only waist high, with a Five Year Guarantee Back of Every One.

Simplicity—The Litchfield Low Down has no complicated machinery. There are only two gear wheels on the entire spreader. All parts are unusually strong and there are few of them. Count the gears on other spreaders and the complicated parts and make your own comparison.

In general, we oil with compressed grease cups, our wheels and all other parts that will permit of this system, which combined with the self-oiling journal bearings, come as near fool-proofing the oiling system as it is possible to do. The simple straight, direct methods, followed in the construction of the Litchfield Spreader, make it go out like a farm wagon, never giving you any more trouble. We are free from repair troubles and expiring of the usual kind. We have used the latest ideas in dust-proofing and fool-proofing our machine. This is one more reason for our five year guarantee.

We bought heavy before the advance in prices, therefore we are making you a very good price. Call and see them and be convinced.

# A Bumper Crop

This year's wheat crop undoubtedly is the largest in the history of Medina county. Both the acreage and the yield are well above the average, and the weather so far has been favorable for securing the crop. These conditions, with the assurance of a good price, make a happy situation for the farmer.

We hope farmers will not make the mistake of threshing their wheat before it is thoroughly dry. If wheat is threshed while damp it almost invariably becomes more or less musty in the process of drying, and is subject to a heavy discount in all markets.

We are in the market at all times for good dry wheat and ask farmers to phone us when they are ready to sell.
